#### **AGM**

As Harry Knowles was not available on 3 March the Sydney Branch AGM now to be held on 24 March at 6.00pm. Proposed to be held in the Gaelic Club if available. (Damien to check if the club is available) Danny will distribute flyers at the Club. Dyrenfurth/Blackman Carried.

#### **Centenary of the Titanic**

Sarah to check with Maritime Museum if they are proposing to celebrate it and if we can be part of any celebration.

#### **Hummer**

Nick reported there were a few changes to the content of the final version. The contents would now be:

Obits: Jim Hagan (from SMH) Anatol Kagan (Damian Stapleton)  
East Villawood Progress Society Des Moore  
Global Financial Crisis and the Labour Movement Luke Foley  
Social Democrats and the Culture Wars Nick Dyrenfurth  
Australian Graduate on the Titanic Sarah Gregson

Sarah had asked that there be discussion as to whether Hummer should be published on line and not done in hard copy. Discussion arose as how the State Library is managing the requirement for publishers to lodge a copy of material published in NSW when it is only in electronic form. It is not expensive to produce and the editing would still have to be done. The State Library should have a complete set of the Hummers by next week when Vol 2 Issue 2 is sent to them by Bev Symonds. Additionally there are a few members who do not use email and so can only access Hummer in hard copy.

The executive noted that Hummer was digitised and put up on the old ASSHLH website, but it was not Google searchable on that site. In 2009 the new website was put up for ASSHLH and the migration of Hummer is yet to be completed. It will be Google searchable. When the migration is completed all the Hummers will be available on line on the Sydney Branch site.

#### **Motions**

Sydney Branch will continue to produce Hummer as a hard copy publication and also make it available on line. Danny will check with the State Library about what deposit requirements there are for electronic publications.

S Tracey/ D Blackman Carried

The completion of the Hummer migration to the new website to be completed by Carl Power under contract to the Sydney Branch at a rate of \$35 per hour. It is envisaged it will cost \$500-\$1000.
